PROFESSIONAL SUMMARY

Motivated Computer Science graduate with a strong foundation in software development and computer systems. Open to entry-level opportunities in IT support, computer maintenance, or software development where I can quickly learn and help the team.

EDUCATION

Bachelor of Science in Computer Science June 2026
Philippine Christian University Manila, Philippines

TRAINING AND SEMINARS

- Seminar: DevOps and CI/CD, PCU Manila, May 20, 2025
- Bootcamp: Machine Learning, PCU Manila, September 28, 2024
- Bootcamp: PHP, Philippine Christian University, September 28, 2024
- Bootcamp: Power BI, PCU Manila

SKILLS

- Frontend:** HTML5, CSS3, JavaScript, Figma
- Backend & APIs:** Python (Flask), Java, Node.js (Express), PHP (Laravel), REST APIs Databases & Cloud: Firebase (Firestore), MySQL
- Tools & Hardware:** Git/GitHub, Basic Hardware Troubleshooting, Command-Line Utilities

EXPERIENCE

Social Security System (SSS) | Member Services & IT Support Intern | Oct 2025 – Dec 2025

- Assisted Member Services Representatives (MSR) in screening, verifying, and processing core membership registration forms (E4 and Request Verification).
- Provided technical support, assisting with hardware configuration and troubleshooting Issues.

PROJECT

AUGUST 2025 – MAY 2026 First Step-Thesis Project Web-Based Recommender System for Career-Aligned Course Guidance

- Built the frontend architecture and user interface design using Laravel, translating complex user workflows into an intuitive, responsive student dashboard.
- Implemented a machine learning recommendation engine (Random Forest) in Python to analyze and guide students toward aligned academic trajectories.

APRIL 2026 – MAY 2026 PCU Canteen: Pre-Order & Management System

- Developed user-facing frontend components using HTML5, CSS3, and JavaScript to enable menu browsing, order customization, and pick-up scheduling.
- Assisted in backend development and API integration using Node.js and Express to support system endpoints and real-time data sync with Firebase Firestore.
